

TABLE OF CONTENTS

Keynote Papers

<i>Controlled Traffic: Progress and Potential</i> Tullberg, J.N.	1
<i>Controlled Traffic Farming - The Future</i> Yule, D.F.	6

Regional Farm Systems

<i>Economic Assessment and Requirements of Permanent Raised Beds in WA</i> Bakker, D., Hamilton, G. and Bathgate, A.	13
<i>Production Performance of Permanent Raised Beds in Widely Differing Soil & Climatic Regimes in W.A.</i> Bakker, D. and Hamilton, G.	18
<i>Customised Controlled Traffic Farming Systems, instead of standard recommendations OR "TRAMLINES AIN'T TRAMLINES"</i> Blackwell, P.S.	23
<i>Using minimum tillage and controlled traffic to reduce the risk of cropping in the Burnett</i> Mason, R., Page, J. and Cloete, M.	27
<i>Challenges to Developing High Rainfall Cropping Systems</i> Wilson, B. and Hacking, C.	31

Machinery Papers

<i>Machinery Needs for Controlled Traffic Farming on Dryland Grain Farms</i> Chapman, W.	41
<i>Designing for improved performance from a furrower-bed-former</i> Hamilton, G., Spann, C., McFarlane, B. and Escott, M.	47
<i>Designing a seeder for no - tillage stubble retention cropping on permanent raised beds</i> Hamilton, G., Spann, C. and Walker J.	53
<i>Wheel effects on tillage energy</i> Tullberg, J.N. and Victor-Gordon, L.	59
<i>Towards a standard for controlled traffic machinery</i> Walsh, P. and Jensen, T.	65

CTF Effects on Runoff and Drainage

<i>Experimental performance of raised beds in preventing waterlogging and draining excess surface water</i> Bakker, D.M. and Hamilton, G.	70
<i>Erosion control in southern Queensland - experiences and the future developments</i> Freebairn, D. and Peterson, T.	76
<i>Lessons learned in the art of laying out permanent raised beds</i> Hamilton, G., Bakker D.M. and Tipping, P.	83
<i>Specifications for engineering a drained and aerated root zone to prevent waterlogging</i> Hamilton, G. and Foster, I.	87

<i>Western Australian approach to the development and adoption of permanent raised bed farming.</i>	
Hamilton, G. and Bakker, D.M.	95
<i>Change in soil structural form associated with controlled traffic on a cracking clay</i>	
McHugh, A.D.	98
<i>Compaction effects on crop growth, runoff and soil loss</i>	
Rohde, K.W. and Yule, D.F.	102
<i>Controlling runoff, soil loss and soil degradation with controlled traffic and crop rotations</i>	
Rohde, K.W. and Yule, D.F.	108

Agronomy Papers

<i>Controlled traffic and split fertilizer application in dryland farming</i>	
George, D.L. and Lewis, G.J.	114
<i>Effects of wheeltracks on yield in controlled traffic</i>	
George, D.L.	118
<i>Intercropping summer crops into winter oilseeds and legumes: possibilities and challenges</i>	
Lewis, G.J.	122
<i>Controlled traffic and surface runoff experiments at Gatton College, South-East Queensland.</i>	
Li, L.Y., Ziebarth, P.J. and Tullberg, J.N.	126
<i>Relay cropping and controlled traffic: preliminary results</i>	
Masasso, P.M. and George, D.L.	131
<i>Effects of compaction on crop performance</i>	
Radford, B.J. and Yule, D.F.	136

Extension

<i>Beware - agency staff bearing gifts : our action learning adventure</i>	
Cannon, S.	142
<i>Achieving change "It's the package which counts".</i>	
Chapman, W.	146
<i>Where is controlled traffic farming in Southern Queensland going?</i>	
Neale, T., Powell, G. (Booth, N., Harris, P. Freebairn, D., Voller J. and Peterson T.)	149
<i>The purpose story¹ controlled traffic farming & Futureprofit - towards an interactive and integrative model for agency initiatives.</i>	
Rowe, N.	151

Other Crops

<i>Controlled traffic: a perspective from the sugar industry</i>	
Braunack, M.V.	155
<i>Quantification of wheel traffic and its effect in lucerne hay production</i>	
Gupta, M.L. and Tullberg, J.N.	163
<i>Controlled traffic in lucerne hay production</i>	
Neale, T.J. and Tullberg, J.N.	169

Individual Farm System Papers

<i>A whole farming system on controlled wheel tracks</i>	
Ball, H.	170
<i>Merrilong</i>	
Brownhill, G.	172
<i>The farming system at "Kielli"</i>	
Grant, J.	175
<i>Controlled traffic farming at Brookstead</i>	
Krampl, E.	177
<i>Controlled traffic farming a grower's perspective</i>	
Mailler, P.	180
<i>Controlled traffic pays off</i>	
Sanderson, A.	182
Author Index	184

Additional Papers

<i>Conclusions from an erosion study rainfall event – February 1997</i>	
Cannon, R.	
<i>Conservation tillage research for dryland grain production in China</i>	
Li, H.W., Chen, J., Gao, H.W., Li, Y.X., Tullberg, J.N. and Murray, J.R.	
<i>Towards a standard for controlled traffic machinery</i>	
Walsh, P. and Jensen, T.
